

From the Desk of Chair Laura DelPercio

—★— *Western New Castle Region Republican Committee* —

Dear Delegate,

As Republicans, we understand what is at stake in this moment. This is not just another election cycle. It is an opportunity to come together, unify as a party, and put forward a candidate who can both represent our values and win.

That is why I am proud to endorse Dr. Mike Katz for the United States Senate.

Since stepping into the role of Western Region Chair, my focus has been on strengthening our organization, growing our base, and building a region that is engaged, energized, and effective. We have worked to bring people together, expand our reach, and ensure that our voice as Republicans is strong and unified. Leadership is not about titles. It is about results. It is about creating momentum, building trust, and moving forward with purpose.

Our strength as a party has always come from unity around shared principles: limited government, personal freedom, fiscal responsibility, and standing up for the hardworking families of Delaware. When we are aligned, we are effective. When we are divided, we risk losing the very ground we have worked so hard to gain.

We cannot afford division in this race.

For too long, Chris Coons has represented Delaware in Washington while supporting policies that expand government, increase spending, and move our country further away from those core principles. He has had years to deliver meaningful results for Delaware, yet too many families and small businesses continue to feel the pressure of those decisions.

It is time for a change.

Dr. Mike Katz brings a different kind of leadership to this race. As a physician, he has spent his career diagnosing problems, listening carefully, and delivering real solutions when it matters most. He understands that you cannot treat symptoms while ignoring root causes. That mindset is exactly what we need in Washington today.

Delaware is looking for a new direction. It needs steady leadership, clear thinking, and a willingness to address challenges head on. In many ways, our state is in need of real solutions and a path forward. As a doctor, Dr. Katz brings the kind of perspective and approach that can help bring the healing Delaware needs.

As delegates, you play a critical role in shaping the future of our party and our state. I encourage you to support a candidate who can unify our base, expand our reach, and take the fight directly to Washington.

Let us come together. Let us stand united. Let us put forward a candidate who gives Delaware Republicans the strongest opportunity to win.

I am proud to support Dr. Mike Katz for the United States Senate.

Thank you,

Laura R. DelPercio
