

Dr. Mike  Proud Republican 

KATZ

U.S. SENATE

ENDORSEMENT FROM STATE SENATOR DAVE LAWSON

Dr. Mike Katz is the kind of leader Delaware needs right now!

He approaches challenges with common sense, discipline, and a clear focus on results. Mike understands that government must be accountable to the people, that spending should be responsible, and that leadership requires making tough decisions, not just popular ones.

What sets Mike apart is that his principles are grounded in real-world experience. As a physician, a business owner, and a public servant, he has consistently demonstrated a commitment to personal responsibility, efficiency, and doing what is right for the people he serves.

Those are the same principles that have long defined strong Republican leadership.

Mike has earned the respect of those who believe in limited government, fiscal responsibility, and practical solutions. He is not driven by labels. He is driven by results.

In a race this important, **Delaware needs someone who can build a broad coalition, bring people together, and win.**

That is why I am proud to support Dr. Mike Katz for the United States Senate.

— State Senator Dave Lawson
