

**Dr. Mike Katz, MD, MBA**

*Candidate for United States Senate*

21 May 2026

Dear Dr. Mike Katz,

On behalf of the Board of Directors, I am pleased to share this Letter of Endorsement from the Independent Party of Delaware for your candidacy to the United States Senate.

We thank you for the significant amount of time you have spent getting to know each and every one of us, and for your commitment to the service of Delawareans and Americans. Your motivations are pure, and it is clear to us that you are focused on healing: healing our dysfunctional, divisive politics, healing our unsustainable fiscal outlook, and healing our healthcare system.

With 40 years of experience in the clinical and operational sides of medicine, education in economics, experience in business and legislating, and a dedicated life of doing things for the right reasons – electing you is a rare opportunity we don't want Delaware and America to miss.

Our State and Country need a strong, clear-headed leader, a smart problem solver, and an unwavering healer. While politicians are often beholden to their corporate donors, special interests, and personal triumph - you are beholden to Delawareans.

Delaware doesn't need a career politician – we need a listening physician.

We highly recommend to Delawareans - vote for Dr. Mike Katz.

**Benjamin Woratyla**
